

## CHATEAU BEAULIEU 2009

Coteaux d'Aix en Provence

Château Beaulieu is the largest estate in the Côteaux d'Aix en Provence appellation. Its 200-hectare vineyard lies in the heart of an old volcanic crater at an altitude of 440 meters. Its history is closely linked to that of Provence, as it was first built as a stronghold by Henri III in 1576 as Château Beaulieu, and has since belonged for centuries to the Counts of Provence.
