

CÔTE RÔTIE 2005

Coming from the heart of the Côte Rôtie, La Serine is handcrafted with the most patient discipline. Producer Caves des Papes has created a very well rounded expression of Syrah, by letting these vines ripen to the perfect point of balance.

This style of Syrah is apt for those who appreciate delicate reds with bold fruit concentration. On the palate, there is an intense flavor of strawberries that is typically seen from the Côte Rôtie appellation.
